

Frankfort Man Impressed With Letter About UN

Mr. Fred Fulsang, of Frankfort, has sent this newspaper a copy of the January 15 issue of the Southeast Economist, with the request that we publish a letter written by Mr. John J. Mangun, a friend of his, concerning the U. N., which appeared in the Economist's We The People column. Mr. Mangun's letter is reproduced herewith:

Warning On The UN

EDITOR:
The sugar mills have reopened at Washington. The legislators totting new Christmas bags are back with a gleam in their eye. The number of pending bills is so high that if you were a professional pole vaulter in the pink of condition you would stumble trying to leap over them.

The capital is flooded with press representatives, and radio commentators, many of the latter class, when releasing their scoops, operating with a Turkish towel in their mouths.

The colors and banners of Harvard university are strewn in many restaurant windows. A few feature a color life-sized picture in pink of the "Canned Red Herring, Alger Hiss". The thousands of individuals on the streets conversing loudly in foreign languages give you the impression that you are in a European capital rather than an American city.

Press photographers are abundant. They are not lacking in work. As you know, legislators are very fond of having their pictures appear in the newspapers. To many of these chatterboxes business item No. 1 and most important to all is a reduction in taxes.

To the millions and millions of mothers and fathers throughout our land, all true-blue American citizens, the most important item is to immediately stop the Korean police action and to bring all of our boys back home.

This can be accomplished by immediately disbanding the world's greatest listening post, namely the United Nations. The UN building is definitely nothing more or less than an elaborate palace built with taxpayers' money for the sell-out artists, stool pigeons, communists, English lovers, nation wreckers and spies from all over the world.

Repeating Mr. Legislatures, first on the business list and more important than all others—we want all of our boys back home immediately. The only sound, practical way this can be accomplished is to immediately withdraw lock, stock and barrel from the UN.

Burglar Joe Stalin doesn't want peace. He has kept the Korean police action rolling now for better than 30 months. Our total losses are now close to 140,000 men. To accomplish this Stalin received splendid cooperation from many communistic pals in important governmental positions throughout our nation.

Stalin's goal is to smash completely our nation's economy without having fired a shot. He will positively reach his goal unless we immediately withdraw from the UN. Remember, fellow Americans, the greatest scourge, plague, tragedy or catastrophe ever visited upon the American people was the day our English-loving, nation-wrecking national legislators voted our country into the UN.

JOHN J. MANGUN.

MRS. W. PITMAN WINNER IN NAME CONTEST

Mrs. Florence Steele Pitman, of Mokena, was declared the winner in the contest to name the new high school in District 210. Mrs. Pitman is well known in this community, having been a school teacher in one of the rural schools before her marriage. As announced in last week's issue, the name selected by the board of education was "Lincoln-Way Community High School."

Approximately 150 names were submitted during the contest, with a majority of the contestants favoring some recognition of the word "Abraham". In addition to the winning entry, Mr. William H. Reed also submitted the same name. Mr. Reed is the band director in New Lenox, and resides in Joliet. Mrs. Pitman's letter giving her reasons for submitting the name, was the deciding factor in the board's selection of her entry as the winning one. Mrs. Pitman's letter, addressed to the Board of Education, High School District 210, follows:

"I am submitting the name, Lincoln-way Community High School for the new school. I suggest it because:

"(1) This name locates the school.

"(2) It incorporates the name of the greatest American of our state and one whose activities brought him into this area.

"(3) Brevity counts, as the name should include the words 'community high school.'"

"(4) When spoken, the phrase 'Lincoln-way' has a pleasing sound.

"(5) Perhaps the best reason is because the words suggest an ideal 'the Lincoln-way' for students as well as adults to live up to."

Sincerely,
Florence Steele Pitman

Everybody Is Going To Tinley Park Firemen's Dance

The 53rd annual dance which the volunteer fire department members of Tinley Park are sponsoring, and which will be held in Saenger hall January 31, is proceeding in fine shape. The firemen who have made house-to-house calls selling the tickets have been well received. The money raised from this once-a-year project goes entirely to the upkeep of their equipment and organization.

The dance will start at 9:30 and continue until 1:30. A good orchestra has been engaged for the occasion, assuring a most enjoyable evening for all.

DR. WALTER SCHUESSLER, SR. DIES AT REST HOME HE FOUNDED

Prominent Orland Physician and Civic Leader Got Southwest Highway Through

Orland's most prominent citizen, physician and civic leader, Dr. Walter R. Schuessler, Sr., died early Saturday morning in the Burnside Rest home, following a long illness. He was 85.

Dr. Schuessler was one of the few surviving country doctors of the old horse and buggy days, who attained a high degree of respect and admiration in Orland Park and vicinity over a long period of years. Dr. Schuessler was a practicing physician in Orland Park for many, many years, and attained prominence as one of Orland's leading citizens.

Dr. Schuessler was born on March 29, 1868, in Bremen township, in the farm home of his parents. He grew up there, attending the public school, and later entered Valparaiso college which was the predecessor of the present Valparaiso University, from which he was graduated, and Bennett Medical college, which later became affiliated with the Loyola University Medical school. When he received his medical degree he started practicing medicine in his own home in Orland Park, in 1889. He retired from active practice in 1945. His wife preceded him in death three years ago.

Dr. Schuessler, being a country doctor of the horse and buggy days, when deep ruts and mud often made roads impassible, found reason, in later years, to become an ardent advocate of better roads. He worked diligently on road improvements the greater part of his life, and was responsible for getting the Southwest Highway through to Orland. But his plan for the Southwest Highway did not stop at Wolcott, its present terminus. Dr. Schuessler's plan for this roadway was to carry it on through the South, down to Brownsville, Texas on the Gulf of Mexico.

There were, however, many in surmountable obstacles along the way, chief of which was getting interested groups together in the various states. So this disciple of better roads was forced, finally, to abandon his idea of a Southwest Highway to the Gulf.

Dr. Schuessler served as mayor of Orland Park for two terms and was also a surgeon at Cook County hospital for 10 years, serving also as a member of the state board of health for a great many years. He was a member of the Orland Park school board over a long period, and was instrumental in getting the Methodist church erected in Orland Park, having donated the property on which the church now stands. He was a member of Radio Lodge A. F. & A. M. in Chicago, member of the Englewood Chapter No. 176 and Englewood Commandery 59 Knights Templar.

Despite the demands of a heavy medical practice, Dr. Schuessler was never too busy to lend a hand to any worthwhile civic project, and was at all times in the forefront for the advancement of all civic interest of the village.

Dr. Schuessler was the founder of the Burnside hospital, which is now the Burnside Rest home. The hospital was built in 1917, and opened during that year, but as the years went by it became increasingly evident that a rest home was more needed there than a hospital, so the institution was converted into the Burnside Rest home. To this home Dr. Schuessler was removed about five months ago, when he became too seriously ill to be adequately taken care of at his home. Up to that time his son and son's wife, with the aid of a nurse, had given him the best of care, but when his condition demanded constant nursing it was thought best to remove him to the rest home he had founded.

Surviving Dr. Schuessler are his son Walter R., Jr., mayor of Orland Park, another son Jack, and a daughter, Mrs. Helen Gee all of Orland; four grandchildren and 11 great grandchildren. His body was removed to Schmaedeke's funeral home in Orland. Funeral services were held Tuesday afternoon in the Orland Methodist church, with Rev. Robert DeMoss officiating. Burial was made in Orland Park memorial cemetery, with graveside services conducted by the Knights Templar.

The death of Dr. Schuessler marks the passing of another pioneer of this area, a physician of the old school and the old days when nearly every sick call was attended with hardship and personal risk which never, even for a moment, interfered with the call of duty.

Roman A. Nowicki who has been away on business in Canada for sometime, was home for the holidays. He returned to Canada January 4 and will probably be back home by January 22. His wife Rosemarie visited friends in Chicago, Mokena and Indianapolis, Ind., where she tended a sick friend. Helen and Steve Madden

spent January 13 in Chicago where they celebrated their wedding anniversary.

Miss Louise Thode, daughter of Mr. and Mrs. Walter Thode, visited her folks here last Tuesday.

Three little girls had their own private school bus last Friday, when Carol Peterson, Karen Barrett and Millicent Halik were escorted home, in tears by their teacher Mrs. Mueller. Their mothers were very much relieved to see them. Too busy playing, girls?

Anyone wanting a Florida sun tan, see Paul Korsgaard. The new Arc Weider does a good job. It will even throw sand in your eyes to complete the atmosphere. Would the "unhappy four" have something new cooking again? Read the column for further developments.

May we remind you of the Mothers March for the polio fund that will take place January 29 between the hours of 7 and 8 o'clock in the evening? And as you all know, is a worthy cause. Anyone wishing to contribute will please light their front porch lights. Mrs. Halik and Mrs. Owen, who are the volunteer representatives from Lincolnwood Hills, will be around to collect your contributions. Mrs. Halik has a personal interest in the Mothers March as she has a niece who is a victim of the dread crippling. Many of you perhaps know little Susan (Susie) Novak, daughter of Mr. and Mrs. George Novak of New Lenox. George delivers fuel oil to a good many of the homes in our community and is well liked by everybody. Please give what you can.

The Community club will meet January 30 at the Schumacher school at the regular time. The hostesses will be Mrs. Paxton, Mrs. Clay, and Mrs. Stoner. Please bring sandwiches or cookies and pop for the children. Games will be played. All card players are urged to come out and initiate the new card tables. At this time we would like to thank Mrs. Elmer Miller, Mrs. Warning and Mrs. McMahon for devoting their time to purchasing the candy for the Christmas party.

The monthly meeting of the Homeowners association took place at the Schumacher school Saturday night, January 17. The charter for the association has been obtained and plans are now underway to tackle some of the civic undertakings which have long been discussed. One of the plans mentioned was to start building the community house at the park area set aside for the use of the subdivision. The means and methods of obtaining this building are now under discussion and some interesting social affairs are being planned.

Mr. and Mrs. William Lowry, and baby son, William Jr., were guests Sunday at a birthday party given in honor of Mrs. Lowry, by her parents, Mr. and Mrs. Charles A. Singler, in their home in Chicago.

Saturday night a group of friends gathered in the home of Mr. and Mrs. George Bills as a farewell party honoring Mr. and Mrs. Edward Hart who are moving to Park Forest where they have purchased a home. Guests besides the Harts were Mr. and Mrs. Ray Hollehan, Mr. and Mrs. Thomas Powers, and Mr. and Mrs. Charles A. Singler. A gift was presented to the Harts by the group.

Frank Sizer Sr., who has been ill for the past 11 weeks with a serious blood clot near his heart, is much improved and able to be around. He hopes to be able in about two weeks to return to his work for a few hours each day. Mr. Sizer holds a responsible position as superintendent of the service department of the Hoefel and Goy Ford distributors at 91st and Western avenue.

Mrs. W. H. Pitman is the proud owner of an unusual pet, a monkey, which was presented to her by her children as a Christmas gift. Mrs. Pitman states she has always wanted to own a monkey, and she says this one is real cute.

Mrs. George Polzin, formerly of Mokena, but now of New Bern, N. C. had the distinction of giving birth to the first baby to be born in the city of New Bern, on New Year's Day. It was a baby girl, named Patricia Eve Polzin. Her parents received a large number of gifts from the merchants of the city. The Polzins have a daughter, Suellen, who is 11 years old and was born on Christmas day, and a son, Alan, who is eight. Mr. Polzin is co-owner, with his brother-in-law, Howard B. Constant, of the Southeastern Equipment Co. in New Bern.

The U. S. Marine Corps has reported a new assignment for Cpl. Daniel A. Gode, 22, son of Rev. and Mrs. A. W. Gode, Mokena. Cpl. Gode is now serving with the First Marine division in Korea as an electrician.

Cecil Ambuehl who was a member of the JTHS band, and who transferred to the orchestra last fall, was invited by the band to accompany them to Washington, D. C. in lieu of his extra good work which he did for the band. We know Cecil is having a fine time on this historical trip.

Mrs. Elizabeth Cappel, chairman of the local March of Dimes drive, states that this is the time

of the year for the annual March of Dimes campaign and we know it is not necessary to remind you of the need for increased funds for 1953; our Will County area has been hard hit the past year. A total of 73 cases in the Joliet-Will county area have been taken care of through our Will County chapter; this has depleted the financial resources of the Will County Chapter, and it has been necessary to borrow money from the national foundation. Our county quota for 1953 has been increased to \$52,000.00. Coin cards and supplies have been distributed. Please return your cards on or before January 31.

Pvt. Fred Guendling returned last Thursday on a 13 day furlough from Camp Breckinridge, Ky. He will leave next Tuesday for Camp Kilmer, N. J., from where he will be shipped to the European military area. He entered the service six months ago and is in the engineer's battalion.

A daughter was born to Mr. and Mrs. Kenneth Sherwood in Silver Cross hospital Sunday January 18. The baby weighed seven pounds nine ounces and

has been named Adele Randall. She will be welcomed home by her brother and sisters, Carol, Sandy, Candy and Darryl. Her parents announced her birth with a miniature newspaper, it being the special extra story.

A son was born in Silver Cross hospital Monday morning January 19 to Mr. and Mrs. Charles Hostert. The baby who weighed six pounds 10 ounces will be a playmate to his brother Allan.

YOU SAVE 4 WAYS WITH A MASSEY-HARRIS

Self-Propelled Clipper

SAVES GRAIN

The cutter-bar is the Clipper's widest point... there's no tractor to trample grain on the opening cut.

SAVES FUEL

No fuel wasted on a second engine... one engine propels and operates the Self-Propelled Clipper.

SAVES TIME

You move from one field to another faster... clear narrow gates with ease.

SAVES MORE GRAIN

You can cut around slow ripening areas and pick them up later... getting more grain.

★4-way saving makes the Massey-Harris Self-Propelled Clipper the proven economy leader in its field. The Clipper gets more of your grain... cuts waste... saves fuel and time on every trip thru the field. And your tractor is always free for other jobs.

Come in soon and see the machine that can cut your harvesting costs to a minimum.

MARLEY

Mrs. Virginia Sass
New Lenox 3133

Mrs. William Loucks of Marley has been named chairman of the Mothers March on Polio to be staged Thursday evening, January 29 between the hours of 7 and 8.

Mrs. Loucks is extremely interested in this cause since her husband was a victim of this dread disease in 1945 while he was in service stationed on Okinawa.

"In accepting chairman of the Mother's March on Polio," Mrs. Loucks said, "like every woman I want to do my part in the fight against Polio by assisting in the March of Dimes. We never know where or when Polio will strike and must therefore do everything we can to raise the money necessary for any emergency, whether in our own country or in a distant one. In accepting this honor, I hope that every house in our community has its porch light turned on the night of January 24."

Mrs. Francis Nelson is chairman of the March of Dimes for the Marley community. Contributions may be given her a gift of five dollars was given to the fund from the Marley Woman's club.

The January meeting of the Marley Woman's club was held Thursday afternoon in the home of Mrs. Everett Bell. Mrs. Elmer Tollerud of Chicago Heights was the co-hostess. "Heart of America" New Radio Series, Starts on WJOL

What is a heart murmur anyway? What effect will athletics have on the heart? Will overweight damage my heart? These and many other topics about heart disease will be discussed in a new radio series entitled "Heart of America" beginning January 23, at 11:30 a.m. over radio station WJOL.

Here in this series of thirteen radio programs are the answers to many questions about heart disease. When you hear the sound of the beating heart which opens each program you are introduced to the rhythm of life. Throughout these programs you will face problems which sooner or later will be your own. Each program will point out a lesson for YOU and Your Heart.

This is not a frightening radio series, because heart disease is not as frightening as many people believe. Even coronary heart disease is no longer necessarily fatal, or even disabling! Many patients have survived coronary and are living lives of reasonable activity, productivity and satisfaction.

The scientific facts about heart disease have been built into fascinating dramatized case reports by a selection of radio's top script writers. These transcripts have been directed by Hollywood producer William N.
